Charlotte Alumni Dinner

A group of Pikes met for dinner and some liquid refreshments on June 22, 2010. Pictured (left to right) are **Bill "Moose" Crigger '68**, **Ron Hagerman '69**, **Mike McGlothlin '68** and **Mike Cox '69**. They tested their memories about lots of old friends from Belmar Avenue, the good times at the Pike House, and even the story about Mike McGlothlin's car rolling down the hill into the SigEp lot! There was a lot of talk about Mountaineer football and a nice evening catching up with each other on family and career. Hagerman travels to Charlotte from time to time, while Cox, McGlothlin and Crigger live and work in the Charlotte area. As a result of their evening, they are talking about getting together to catch a WVU football game at the local WVU Alumni watering hole.

Support the Alpha Theta Alumni Association

Alumni Association annual dues are separate from House Company capital campaign pledges. All alumni are encouraged to support the Alpha Theta Alumni Association for the 2010 calendar year. Gifts to the Alumni Association accomplish three important goals:

1. Alumni gifts help keep alumni informed and connected through this newsletter, the website at www.wvupikes.com and other communications
2. Alumni gifts provide meaningful leadership development training and experiences to deserving members of the chapter by sponsoring them to attend Pike University events (www.pikeuniversity.org), and
3. Alumni gifts support and enhance the chapter's pledge education program.

The Alumni Association Board of Directors manages all alumni association contributions in order to best promote friendship on a firmer and more lasting basis, across the years and across the generations of Alpha Theta.

Annual dues are \$40 and are payable now for 2010. Checks larger than \$40 are welcome and appreciated. Please show your support by sending a check payable to **Alpha Theta Alumni Association** and mail it to: Doug Ladish, Treasurer, 109 Kingussie Court, Cary, NC 27511.

FINALLY . . . RENOVATION OF THE PIKE HOUSE TO BEGIN!

The Pike house renovation will meet the needs of today's student. Safety, privacy and technology are the focus of the renovation and will serve the building well for many years to come.

SAFETY: The Pike House will have a state of the art fire detection, protection and notification system. A fire sprinkler system will cover every area of the house along with a hardwired fire detection and alarm system that links directly to the local fire department. Safety of our members is of the utmost concern for Alpha Theta.

PRIVACY: Every student will have his own bedroom. This bedroom will hold his bed and personal belongings. Directly outside of his bedroom will be a shared bathroom, kitchen and living room. No more than three students will share a toilet, sink and shower. This is very different from the sleeping areas and community showers of the past, but it is in high demand by students today. This apartment-style living unit should create occupancy demand and achieve maximum market rental income.

TECHNOLOGY: The Pike House will have high speed wireless internet and cable television in every sleeping room, living room and in the common areas. Internet speed and its reliability is of the utmost concern for today's student. The Pike House will exceed this concern and realizes this element will need to be evaluated often to make sure the house is always at the forefront of technology on campus.

The renovated Pike House will contain apartment-style living units and should be ready for occupancy by January 2011. A portico will be added to the front of the house.

Thanks to the continued efforts of the House Company of Alpha Theta Chapter (the alumni house corporation) and White Horse Holding Corporation (a subsidiary of the Pike International Fraternity) the estimated \$1.5 million renovation of the Pike House is set to begin in August. **The goal is for the student members to move into our beautiful, newly renovated, apartment-style living facility in January 2011.**

The funding for the renovation comes from two primary sources:

1. The generous alumni donors to the new house capital campaign.
2. The White Horse Holding Corporation.

Below are a few deal points which are making this possible:

- The House Company of Alpha Theta Chapter completed construction drawings, solicited and selected the general contractor, and then prepared the building for construction, which included asbestos abatement and interior demolition.
- White Horse Holding Corporation is transferring ownership of the property to a newly formed single member limited liability company, West Range, Morgantown, LLC.

- The LLC will secure bank financing of \$1.5 million to complete the renovation.
- The LLC will lease the property to WVU, and then it will be subleased to the members of Pi Kappa Alpha, Alpha Theta Chapter. Under this lease, WVU will provide day-to-day property management, upkeep, property oversight and maintain tenant relations. To provide a high level of service this includes a live-in WVU employed house manager as well as WVU managing tenant contracts, rent collection, move-in / move-out inspections and damage deposits.

"The house company board is excited about this new approach and welcomes the strategic guidance and financial strength that White Horse brings to this project," commented House Company of Alpha Theta Chapter President **Joe Feola '79**.

This coming Fall, the Alpha Theta Chapter is renting the KA House from WVU while construction is underway on the Pike House.

For further information about the house renovation project, contact **Al Dering '65** (awdering@yahoo.com) or **Doug Ladish '62** (ladish@mindspring.com).

Alumni Support for the New House is Still Needed

To date, 89 individuals have generously pledged \$286,080 and already paid \$177,685 in cash to renovate the Pike House in Morgantown.

"The alumni who contributed in the past got us to this point," explained Alpha Theta Alumni Association Treasurer **Doug Ladish '62**. "Without those contributions and pledges, we would never be able to start construction next month."

To further strengthen Alpha Theta's position and support this ambitious initiative, Alpha Theta is asking every alumni brother to make a donation or a five-year pledge to donate to the capital campaign to renovate the house.

"Whether you choose to contribute \$25,000 in total over the next five years, \$100 a month for the next five years (a \$6,000 total pledge) or just \$100, your gift will make a big difference," said Ladish. "You see, every dollar donated by our alumni goes in to the renovation of the house, and these donations are critical for the renovation's project success."

To support this historic and long-awaited project, alumni, parents and friends can make an immediate cash gift or five-year pledge at www.wvupikes.com.

The eastern elevation will feature a new and improved front entrance from Belmar Avenue and a portico on the front side of the house overlooking campus.
